

ADULT SOFTBALL PROGRAM

**Have some fun this summer!
Leagues for everyone – you don't have to be good.**

The Adult Softball program conducted by MSCR serves men and women, 16 years and older. The program is conducted from early May to early August. Games are played at five complexes throughout the city: Warner, Olbrich, Goodman, Bowman, and Elver Parks.

Individually organized teams may apply to participate in any of the following divisions: Men's: Fast or Slow Pitch; Women's: Fast or Slow Pitch; and Coed Slow Pitch.

The Men's and Women's programs have six teams per league. Teams play a double round robin schedule totaling ten games, with the first round winner playing the second round winner for the league championship. All games postponed due to rain or wet grounds are rescheduled at the end of the 10-week season. Games for a given league are scheduled on the same night of each week that teams choose--Monday, Tuesday, Wednesday, or Thursday.

The Coed program plays ten games scheduled on Monday, Wednesday or Friday. All games postponed due to rain or wet grounds are rescheduled at the end of the 10-week season. At least eight players (4 men and 4 women or vice-versa) must be on the field at all times with the batting order alternating. Each league champion will receive a trophy.

Players may play on only one team *per night* but may play all five weeknights. Nearly 7,000 players participate on 450 teams and it is the highlight of our summer programs!

Fees are outlined in the team application information. For your fee, your team receives game balls, scorecards, schedules, two umpires in the men's and women's programs and one umpire in the coed leagues. The bases are supplied but gloves and bats are your team's responsibility. Uniforms are optional. Scores are listed in the Madison newspaper and standings are posted daily on www.msqr.org

The program is designed to allow maximum participation. It is intended to be low key, fun--yet competitive--with hopefully a good time for all. Pass the word and come join us. You'll be glad you did!
